Petrofka Orchard 2019 Group Tours

We have a beautiful orchard and we'd love to share it with you! Petrofka Orchard tours are a great way to see the landscape and beauty of our farm. Learn about what we grow, how we grow it and find out how Petrofka Orchard family farm has grown into what it is today. Every season will highlight a different aspect of farming. Springtime focuses on bees and blossoms, summer is filled with fruit and vegetables of all kinds and fall is the season of harvest – apples galore!

To keep with the theme of orchards, we have a 10-seated cart pulled by our tractor which will trail you through the orchard. Book a private tour for your group. Check out the following options to meet whatever needs you have. (All prices are based on pre-booking)
