

SWEET POTATOES & APPLE CHIPS

Yields: 4 servings

INGREDIENTS

45 grams of **Petrofka's Dehydrated Apple Chips**

½ cup of **Petrofka Orchard's Soft Cider**

1 can sweet potatoes

4 tbsp softened butter

1 tbsp lemon juice

sea salt, to taste

DIRECTIONS

Place dehydrated apples and apple cider in pot and simmer over low heat until most of the liquid is absorbed. (approximately 10-15 minutes) Remove from heat. Heat sweet potatoes thoroughly. Drain and mash. Stir in apples and lemon juice. Season to taste.

Note: I like cooking my own sweet potatoes up instead of canned but sometime you just don't have enough time to be a "Martha".
